TRACEY TIMPONE

Software Engineer

(832) 914-7495 | tracey.timpone25@gmail.com | Magnolia, TX | Portfolio | LinkedIn | GitHub

SUMMARY

AWS Certified Cloud Practitioner and CompTIA Project+. Full-stack software engineer with a B.S. in Software Engineering and a background in cybersecurity and technical project coordination. Experienced building, testing, and debugging applications with React, Python, Flask, and Java, with a focus on secure, user-centric development.

SKILLS

TECHNICAL SKILLS: JavaScript | Python | Java | Spring Boot | React | Express | Flask | PostgreSQL | REST APIs | Git | Linux (WSL) | AWS | Postman

RELEVANT SKILLS: SDLC | Communication & Collaboration | Project Management | Agile Methodology | Debugging & Testing

PROJECT EXPERIENCE

PIZZAREADS | JavaScript | Express.js | Sequelize | React | Redux | PostgreSQL GITHUB | DEMO | LIVE

- Coded Redux actions and reducers to manage user progress and coupon data within React components.
- Implemented Google Books API for enhanced user experience (UX).
- Designed and managed PostgreSQL schema for users, coupons, and books.
- Built a coupon management system with RESTful API endpoints (Express, Sequelize) and JWT-based authentication, tying coupons to each user's reading progress.
- Designed an intuitive search bar to streamline user access to book information and improve overall navigation.
- Tested and debugged RESTful API endpoints using Postman and manual test cases to catch errors before deployment.

THE PAW | Python | Flask | SQLAlchemy | React | Redux | PostgreSQL GITHUB | LIVE

- Implemented AWS S3 image uploads and conducted peer code reviews to improve code quality.
- Built search features and user interfaces using Flask and React with RESTful API endpoints.
- Integrated Google Maps API to enhance user experience and streamlined search functionality.
- Enhanced search functionality with advanced filtering and sorting options to improve user navigation and experience.
- Deployed and hosted the full-stack application on Render with a PostgreSQL database.

EDUCATION & CERTIFICATIONS

BACHELOR OF SCIENCE, Software Engineering | Western Governors University — Graduated September 2026
ASSOCIATE OF SCIENCE, Cybersecurity | Lone Star College — May 2021
FULL STACK WEB DEVELOPMENT | App Academy Bootcamp — May 2024
AWS CERTIFIED CLOUD PRACTITIONER | Amazon Web Services — November 2025
COMPTIA PROJECT+ | CompTIA — January 2026

WORK HISTORY

PROJECT COORDINATOR | Global Linking Solutions — October 2022 – present

- Manage repairs for intercom and phone outages across 50+ sites, handling up to 5 concurrent tickets with a 95% on-time completion rate.
- Coordinate with field technicians, on-site contacts, and outside vendors to order parts, dispatch technicians, or troubleshoot and resolve issues remotely when possible.
- Document each repair in ServiceNow and confirm resolution with on-site contacts before closing the ticket.

CUSTOMER SERVICE REPRESENTATIVE | OneSupport — June 2018 – October 2022

- Handled 60+ customer contacts daily for small and medium business accounts at an ISP, resolving billing disputes and processing address changes, upgrades, and add-on services.
- Moved to outbound retention calling, contacting customers with expiring contracts to secure renewals at preserved or lower rates and offering service upgrades.
- Created training materials and mentored 5+ new team members on billing and account procedures.
